** In the United States Armed Forces, active duty refers to military members who are currently serving full-time in their military capacity. Members of a Reserve Component of the Armed Forces of the United States are not generally considered active duty. Active duty means full-time duty in the active military service of the United States as defined in Title 10 U.S.C. 101(d)(1), but does not include training or attendance at a service school. The term "armed forces" means the Army, Navy, Air Force, Marine Corps, and Coast Guard.*
